

# ALLOYBRITE

## ALUMINIUM CLEANER AND POLISH

**ALLOY BRITE** is a high-performance, acid-based cleaner specifically formulated to remove oxidation, mineral scale, corrosion marks, and stubborn stains from aluminium, stainless steel, and porcelain surfaces. Designed for industrial, commercial, and institutional use, **ALLOY BRITE** penetrates quickly to restore the original lustre and brightness of metal surfaces without causing damage when used as directed.

Its fast-acting formulation effectively rejuvenates dull, weathered, or tarnished metals, making it ideal for use on alloy truck bodies, stainless steel equipment, utensils, and porcelain fixtures. **ALLOY BRITE** is easy to apply and rinses cleanly, ensuring a spotless, polished finish with minimal effort.

### FEATURES AND BENEFITS:

- Rapidly removes oxidation, scale, rust, and stains
- Restores shine to aluminium and stainless steel
- Safe for use on porcelain when used correctly
- Highly effective, fast-acting formula
- Ideal for maintenance and restoration work

### DIRECTIONS FOR USE:

**USE appropriate P.P.E WHEN USING OR HANDLING THIS PRODUCT**

Clean surface thoroughly before applying this product.

Apply undiluted if required for heavy applications.

Dilute with water up to 1:10, apply to surface with sponge, and agitate after required contact time. Rinse thoroughly using neutral detergent solution to inactivate.

**DO NOT** allow product to dry on surface.

**CAUTION: DO NOT** use this product in conjunction with bleach or other cleaners.

Refer to Safety Data Sheet, for more information.
